"Only 108 Years Ago?"

The year was 1906.

A lot has changed since then! For instance:

1. The average life span in the U.S. was 47 years.
2. Only 14% of the American homes had bathtubs.
3. Only 8% of the homes had telephones, and a 3 minute call to Denver cost \$11.00.
4. We only had 8,000 cars in the U.S. and only 144 miles of paved roads.
5. The maximum speed limit in most cities was 10 m.p.h.
6. The average wage in the U.S. was 22 cents per hour!
7. More than 95% of all births took place at Home.
8. 90% of all U.S. doctors had NO COLLEGE EDUCATION.
9. Most women only washed their hair once a month.
10. The American flag had 45 stars.
11. Two out of every ten U.S. adults couldn't read or write.
12. Only 6% of Americans graduated from high school.

How many would vote to go back 108 years? Not many. Even those who call them the "good ol' days" would hesitate.

So why would we want to go back religiously about 2,000 years? The difference is that going back to the New Testament would put us into God's original thoughts, not into the customs of men. If being modern means ignoring the will of God, then we pay too high a price. When Israel deserted God's ways, God always called them back. So let's follow Moses, Israel, and Jesus. They always pointed back to God's thoughts.
